## Professional Work Experience

### Web Development Intern - Coding Academy

March 2022 – Juli 2022 Vienna, Austria

*Sportradar Media Services GmbH*

- An immersive and comprehensive project-driven, 4 Month software development.
- Technologies and skills what I learned: HTML, CSS/SCSS, JavaScript, Vue, Node.js, GraphQL, PostgreSQL, Next.js, Jest, Cypress and Accessibility testing, Git, Code Quality, Object-Oriented Programming, Test-Driven Development, Agile engineering.
- I got to know the daily routine of professional web developers and learn essential practices and methods for successful collaboration in Dev Teams.

### Full-Stack Developer

September 2021 – March 2022 Vienna, Austria

*360° Perspektiven GmbH*

- The project implementation of 360° tours for the customers from many different industries, taking into account UX aspects.
- The development and implementation of web applications and innovative features in the back and front end.
- I used a program called Krpano to process the panoramic photos. Krpano uses simple XML text files for storing the settings for the krpano viewer.

### Webdesigner

September 2020 – December 2020 Siófok, Hungary

*Web & PrintLine KFT*

- Designed and implemented a variety of media projects. Performed front-end development for interactive web applications to improve functionality and user experience using HTML, CSS and Javascript.
- Worked with digital graphical design tools including Adobe Photoshop.
- Ongoing design support in product development with a clear focus on the customer experience.

### Waiter

Juni 2016 – September 2019 Vienna, Austria

*V.A Hotel GmbH*

- Although this profession does not belong to programming, I considered it important to mention it because communicating with people is an important part of life.
- To perform the tasks, it is important to understand each other as well as the accuracy that was essential in this profession. I try take this into the programming life as well also.

### Computer Sales Associate

May 2009 – February 2012 Siófok, Hungary

*Pelso Comp KFT*

- Assisting customers in making an informed technology purchase. Answered customer questions regarding store merchandise, department information, and pricing.
- Interacting with customers on a more personal level. Performing the maintenance of personal computers and peripheral equipment, identifying problems and providing appropriate solutions.
- Inspecting work performed to ensure conformance to specifications and established standards.
